

Make a Mario Block

SAFETY FIRST!

Ask a grown-up to help you cut out the Block and put it together.

You Will Need:

Scissors

Glue

STEP 1

Cut along the solid brown outline to cut out the block.

(Don't cut along the dotted lines!)

STEP 2

Fold along all the dotted lines, until you can make a cube shape with the brick pattern on the outside.

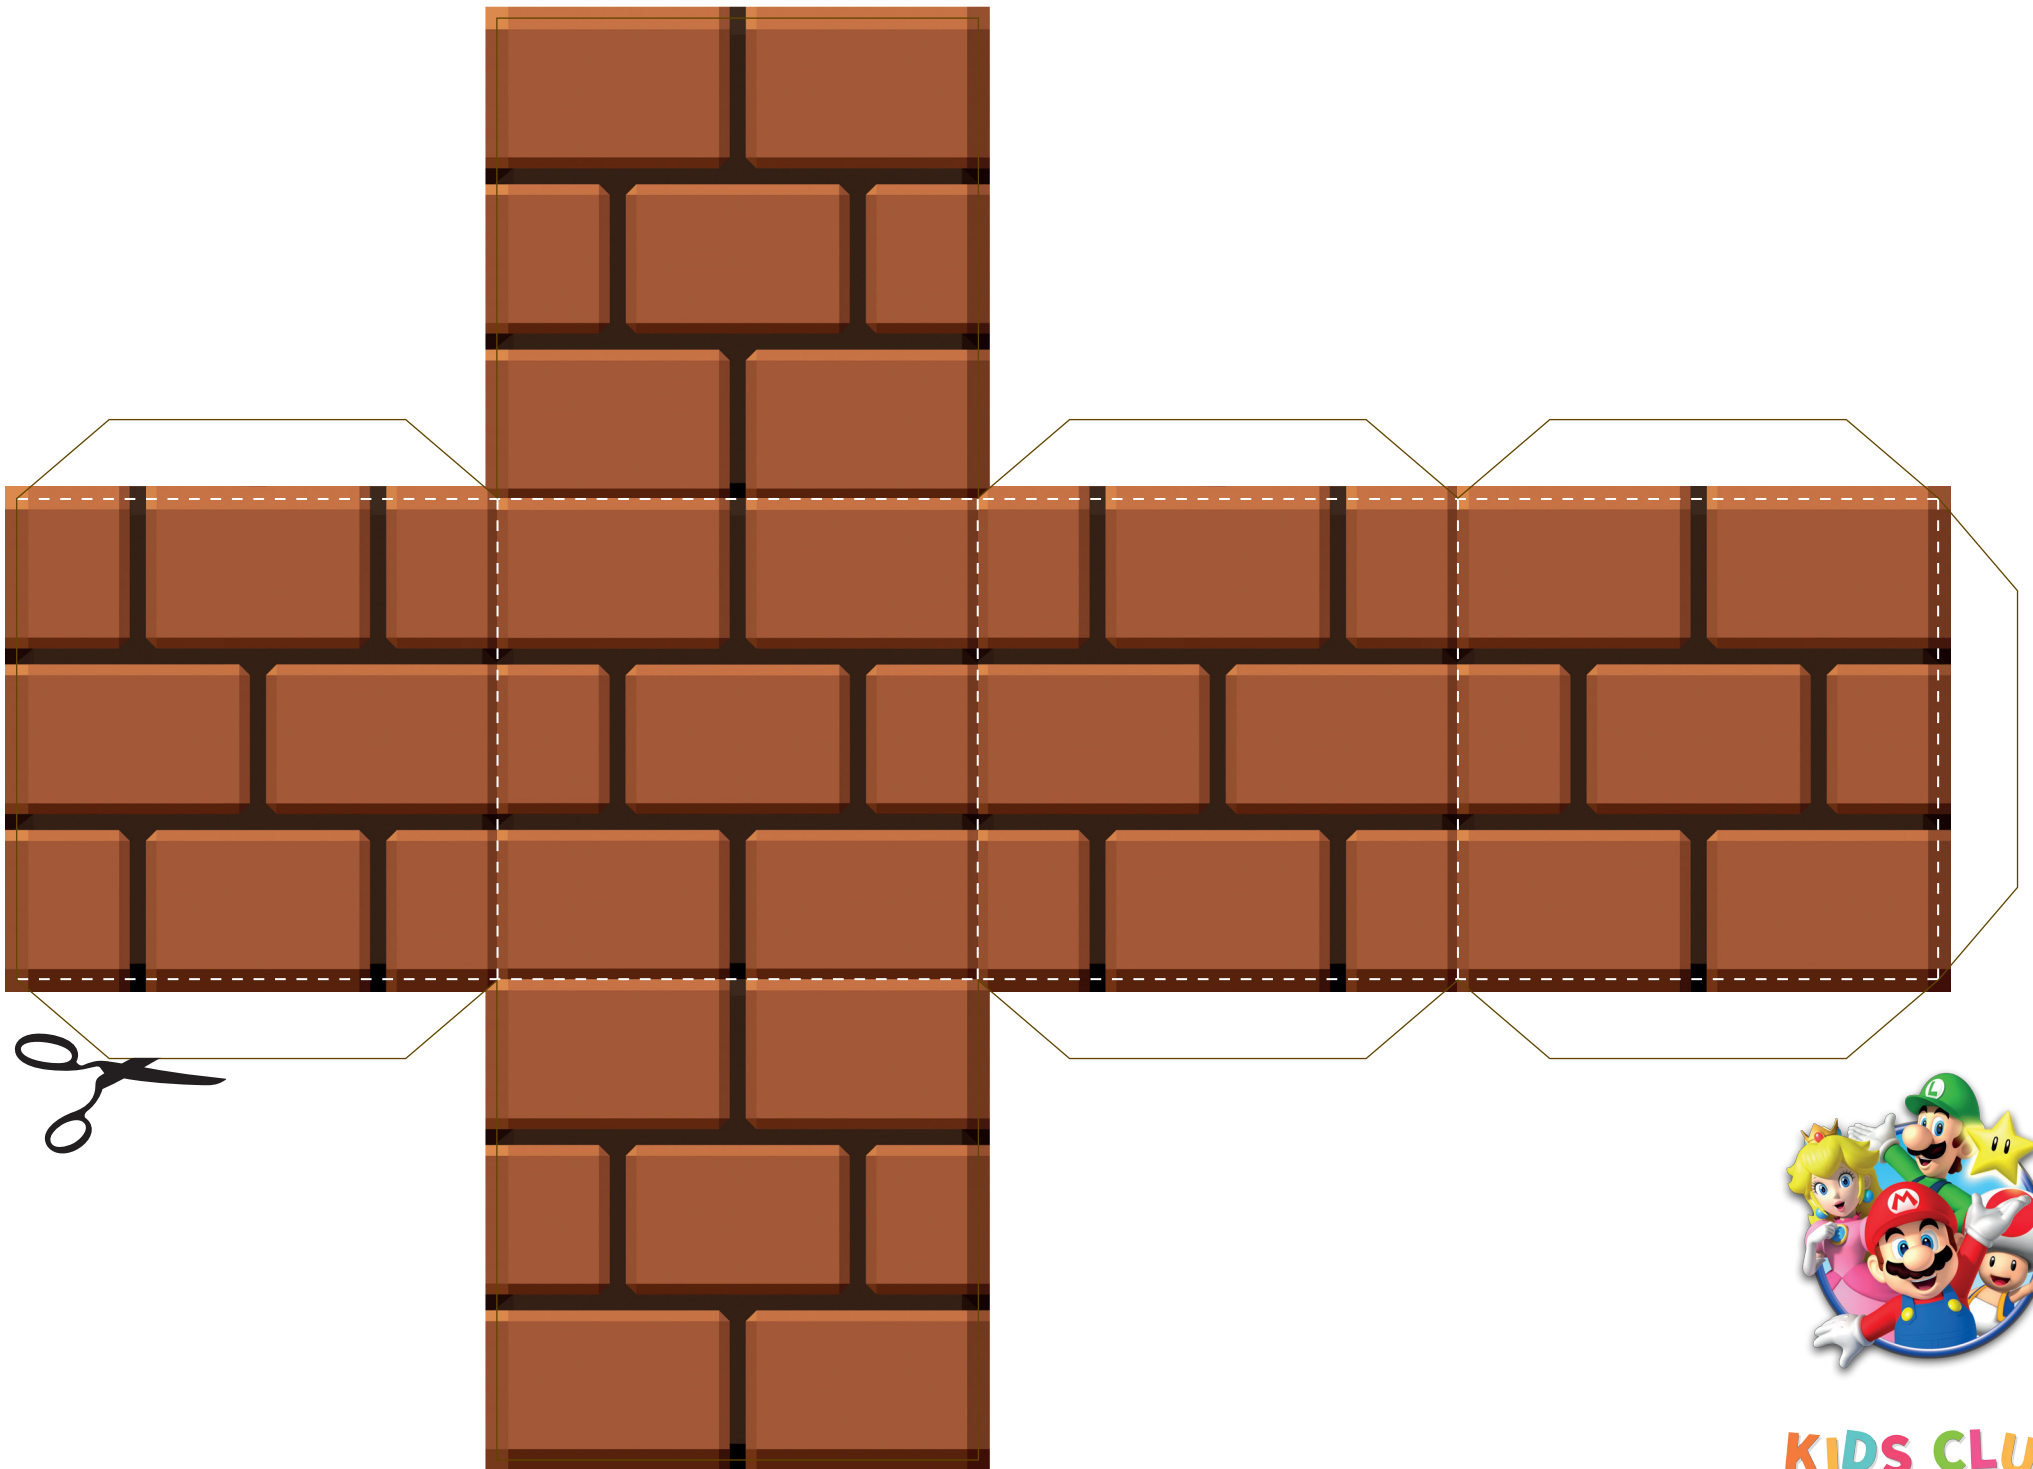

STEP 3

Glue the white tabs and stick your cube together, tucking the tabs inside as you go!

Tip: You could use double-sided sticky tape to stick the tabs.
